

NEW VEHICLE SIGNAGE

- Australian Made, Premium Quality & Long Lasting
- Complies with Australian Standards (AS4001.1) and the latest National Code of Practice for Rear Marking Plates (VSB12)

NEW REAR MARKER REGULATION VSB12 OVERVIEW

Effective 1st January 2021

- Class 2 Marker Plates will be discontinued.
- Heavy vehicles/trailers must display rear markers made of compliant materials from Class 400, Class 1A and UNECE 70 plates.
- Fitting of Class 2 plates are prohibited from 31st December 2020.
- Replacing your plates? You must use the new material and ensure all plates are of the same reflective classes.
- Class 2 plates currently displayed may be used until replacement is required due to wear & tear, upon which the new material must be used.
